Overseas Corporate Professional

We are a team of Global Professionals from USA, Canada, UK, Europe, UAE and India, joined together to serve local companies in developing their business overseas. Our services facilitate company set up, all tax registrations, payroll processing, accounting, banking and merchant account set up assistance, business growth assistance, e.g. new business acquisition, trade and term Loan, cost and business structuring, business agreements, money transmission advise.

Being a business we understand that a client needs an internal professional with overseas experience in all commercial aspects as well as their local presence. We are the answers to that wish.

Overseas Business

- **Overseas law and regulations are unknown to a local business to plan in effective cost manner.**
- **Higher penalties and consequences are imposed in case of non-compliance.**
Example (USA) - \$36,000 (approx) penalty for non-complying Workers' Compensation coverage for 6 months.

In-House Professional

- **In-house professional is a professionally qualified person working with the company, like – a Chartered Accountant employed as a Controller/CFO in the company.**
- **A consultant responsibility is restricted by explain the law and regulations, and couldn't expect to plan for their client normally. So Planning is always done by In-house professional/s.**

Local Contacts

- **Local partner and a team are facilitated in major cities of each country, like- In INDIA- Mumbai. Pune, Ahmedabad; In USA – New York, Los Angeles, Florida, Washington and others.**
- **A local office shall serve both local and overseas requirements.**
